

Kingston District Council

Community Plan 2019-2029

Our vision will be achieved by creating a *Thriving Destination* that encourages tourism and lifestyle living, through *Best Practice Planning* of Public Spaces and Neighbourhoods, supported by *Excellence in Assets & Infrastructure* and *Strong Communities*.

Our council will be known for *Progressive Leadership* in community engagement and management of community assets.

A large, orange, spiky dragon sculpture is the background of the page. The dragon is positioned diagonally, with its head and neck in the upper right and its body extending towards the bottom left. The dragon has a long, curved horn on its head and a row of sharp, pointed spikes along its back and neck. The sculpture is set against a clear blue sky with a few small white clouds near the bottom left corner. The overall scene is bright and sunny.

Elected Member's Message

**Welcome to the Kingston Community Plan 2019-2029.
This Plan has been guided by community feedback and developed
by Kingston District Council on behalf of the community.**

In November 2018, the community voted in a new body of elected members to represent their interests for the next four (4) years. Over the past few months the new council has carefully reviewed the Community Plan, which was developed in 2016, in close collaboration with the community. Council believes the Plan still reflects the views of the community and as such, has made only minor updates to key targets.

The community is asked to review this draft edition and confirm with council whether it still reflects the ambitions and the long-term vision of the community.

The Community Plan 2019-2029, aims to shape the Kingston district into a vibrant destination where people want to live, raise their families, holiday and retire. The Plan will inform key actions, budgets and decision making of council and complements the South Australia Government's Limestone Coast Regional Plan.

The achievement of the community's vision will require the community to work together as one team and in partnership with council and other key stakeholders. The targets contained within this Plan will rely on hard work, passion and dedication of our community.

Your new council is committed to continuing to work closely with the community to enhance the wellbeing and future prosperity of our district.

The Kingston Story

Kingston SE is located on the Limestone Coast of South Australia and is approximately 300 km from Adelaide, South Australia's capital city. Kingston SE offers superb safe beaches, tourist facilities, parks, gardens and extensive sporting and recreational facilities. The district has many national parks including the world recognised Coorong. Kingston SE also boasts a range of quality health and educational services and facilities, which include a modern medical centre, a 26-bed community hospital, aged care facilities, retirement villages and an R-12 community school and library. Prior to European settlement, several groups of Indigenous people occupied the region, with the Meintangk most closely aligned to our district.

Kingston SE is characterised by its prime agricultural land and accessible underground water. It is home to a thriving and vibrant rural economy; featuring cattle and sheep farming for both wool and meat. Commercial fishing is also a significant industry within the district with the local lobster fishing fleet operating out of Cape Jaffa, situated approximately 25km south of Kingston. Kingston is well known for its premium wine production from its Mount Benson Wine Region and is cousin to other well-known winegrowing regions including Coonawarra, Padthaway, Wrattontully and Penola. The district also supports a thriving forestry industry from its Mount Benson plantations.

The climate can be described as 'Mediterranean' with mild wet winters and hot dry summers. Although there is recognition of four seasons, the principal seasonal contrasts are warm-to-hot, dry summers and cool-to-mild winters. The average annual temperature is 14.8 °C with an average annual rainfall of 562 mm.

The official population count from the 2016 Census is 2,415, with 51.8% male and 48.2% female. This represents a population increase of 3.2% since 2011. This is consistent with the population increase of 3.6% for the Limestone Coast during the same period. Of the 2,415 residents 51.3% are over 50. The 50+ age group has increased by 5.2% since 2011, growth which is expected to continue into future years. Employment levels remain high at over 95.9% in the labour force; of these 49.7% are working full-time.

What do we want to look like in ten years' time?

- ✓ A vibrant destination where people want to live, raise their family, holiday or retire.
- ✓ A thriving town centre populated by locals and visitors lingering and enjoying local shopping, alfresco dining, open spaces and beautiful streetscapes.
- ✓ A range of well-planned public spaces designed with a strong sense of identity and purpose.
- ✓ An active community with clean spaces for walking, cycling and other recreational activities.
- ✓ A community with a shared vision, a sense of pride and common objectives for the future.
- ✓ A community working together to achieve sustainable growth and economic prosperity.

5

Vision Statement

Kingston SE is recognised as a popular Limestone Coast *tourist and lifestyle* destination. The main streets, parks and beaches are abuzz with locals and holiday makers, all enjoying our beautiful environment, cafes, restaurants and local produce. Home-grown businesses and primary producers are thriving and the district is well known for its family friendly atmosphere. The community share a sense of pride and common purpose.

Our vision will be achieved by creating a *Thriving Destination* that encourages tourism and lifestyle living, through *Best Practice Planning* of Public Spaces and Neighborhoods, supported by *Excellence in Assets & Infrastructure* and *Strong Communities*.

Our council will be known for *Progressive Leadership* in community engagement and management of community assets.

6

How do we plan to get there?

The Community Plan is structured around several key elements:

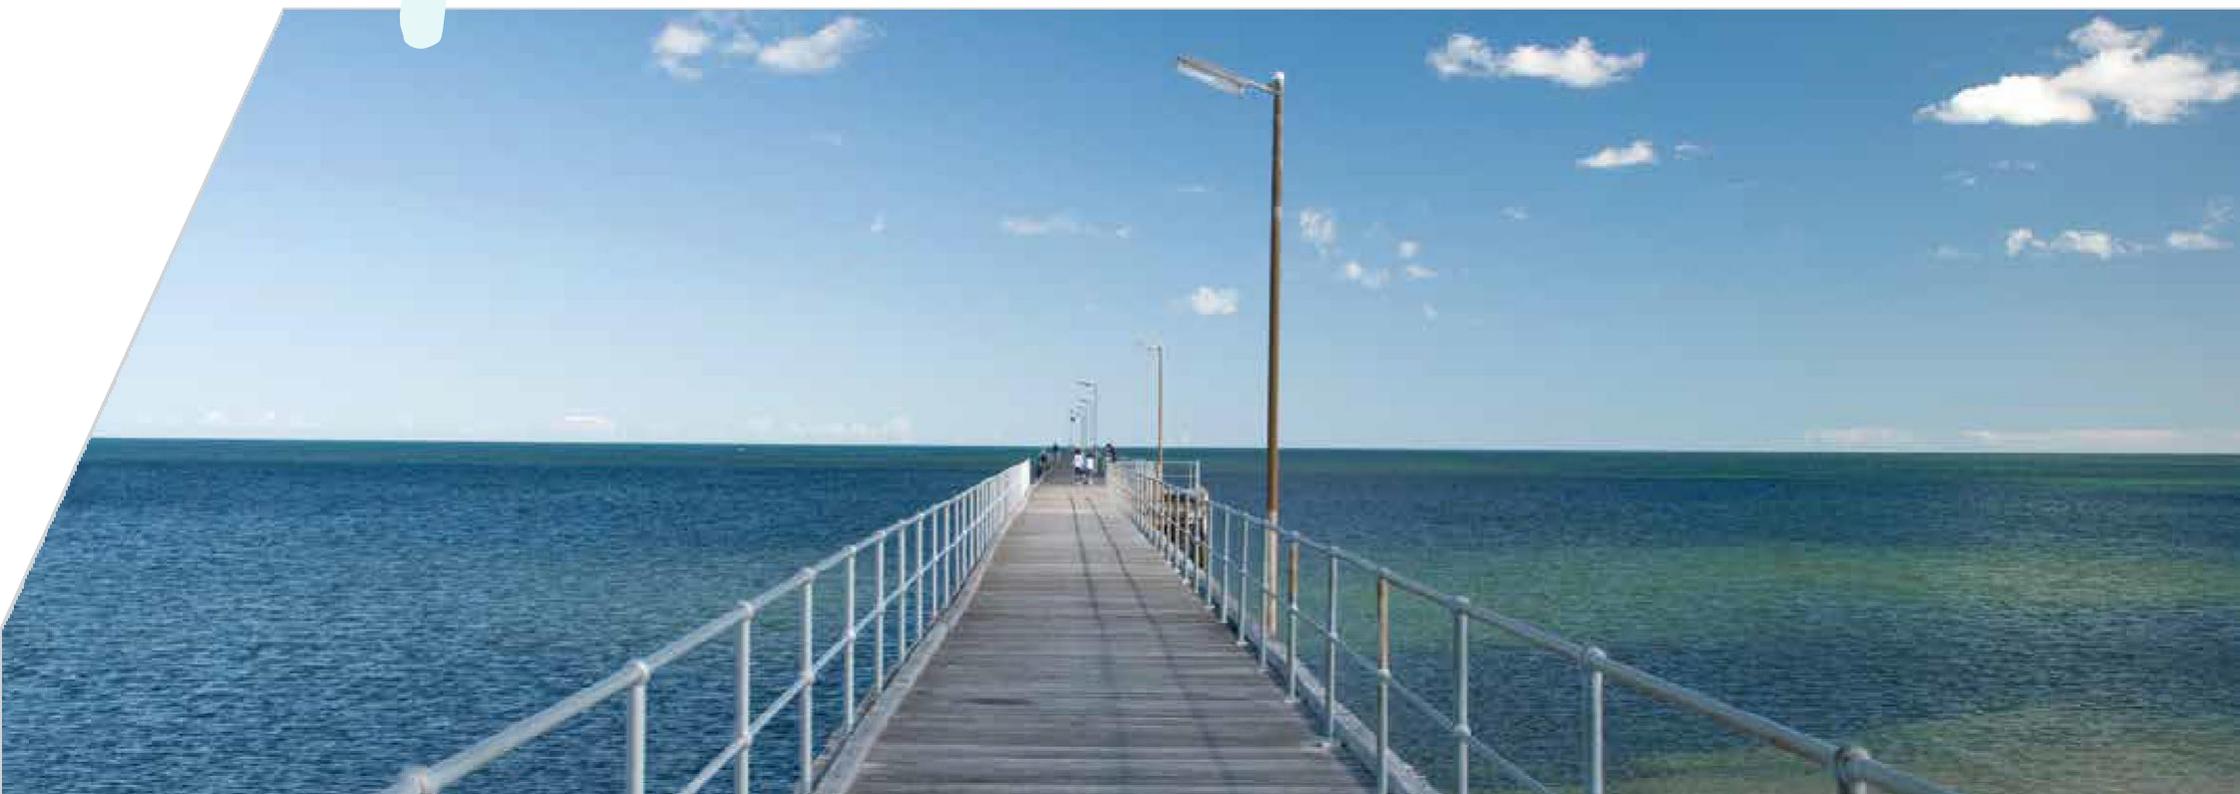

- ▶ **Themes** these are the high-level descriptors of the community vision and indicate the goals that we are striving to achieve.
- ▶ **Outcomes** these are the specific goals that we need to focus on to achieve the community vision by 2029.
- ▶ **Actions** these indicate how we will achieve the outcomes.
- ▶ **Targets** give us concrete and measurable milestones that we need to achieve.
- ▶ **Measures** the basis on which we will determine whether we have achieved our targets.

7

How will we know we have made it?

A set of performance measures will be developed so that progress towards the 2029 Vision can be measured. Annual performance measures are derived from these and will be published in the Annual Business Plan. They will be reported each quarter to council as well as in the annual report.

Council's Role

It is important to understand that council cannot achieve the community vision on its own. Many of the strategies contained in this Plan rely on working in partnership with others. Council may be able to take a supporting or facilitating role, however we know that this Plan cannot be achieved without the hard work, passion and dedication of the community.

Council's Role	Council will...
Leadership	Lead by example
Service Provider	Fund or partially fund the provision of a service
Information Provider	Provide and distribute information
Facilitator / Initiator	Bring together stakeholders to deliver a shared interest, service or resolve an issue
Partner / Collaborator	Contribute funds or resources towards a service that will be delivered by another party
Advocate	Make representations on behalf of the community
Owner / Custodian	Diligently manage community assets
Regulator	Carry out a legislated role or responsibility

Structure of Plan

The Plan has four themes that contribute to achieving the community vision.

A Thriving Destination	Best Practice In Planning	Excellence In Assets & Infrastructure	Strong Communities
<ul style="list-style-type: none">• A sought-after visitor and lifestyle destination• A vibrant town centre• A sustainable and progressive Cape Jaffa Anchorage development• A diverse range of prosperous local businesses and primary industries	<ul style="list-style-type: none">• Integrated, spaces and places• Preserve the rural atmosphere, open spaces, beaches & other natural resources• Preserve the heritage & character of the district	<ul style="list-style-type: none">• Best practice asset and infrastructure management• Best practice in procurement and contract management• Protect the natural assets & infrastructure of the region by leveraging additional environmental programs that will protect the environment for future generations	<ul style="list-style-type: none">• A community with a shared sense of pride and common purpose• A knowledgeable community that looks beyond its boundaries for inspiration and learning• A healthy & resilient community• Promote & encourage the arts & increase the diversity of arts & cultural opportunities within the Council area

The fifth theme focuses on council as an organisation and what is required for it to be effective in the various roles that it must play in the community.

Progressive Leadership

- Sustainable community finances and assets
